## EXPERIENCE

### Magine, Stockholm — Agile and Lean Practice Lead

JUNE 2015 - PRESENT

Combination of being team coach for a team and for the other team coaches. Working with Kanban.

*Main lesson learned: patience.*

### Magine, Stockholm — Quality Accelerator

FEBRUARY 2015 - MAY 2015

Exploratory tester, advocate for automation and team coach in the Subscription and Billing Team. Working with Kanban and User Story Mapping.

*Main lesson learned: benefits and drawbacks with a very lightweight process.*

### Citerus, Stockholm — Consultant

AUGUST 2011 - JANUARY 2015

Exploratory tester, workshop holder, teacher and developer of the course “Agile Testing”.

APRIL 2014 - JANUARY 2015 - **Postkodlotteriet**

Exploratory tester and developer of automated checks using Java and Selenium in the Web Development Team. Working with Scrum.

*Main lesson learned: User Story Mapping and how the way you slice work impacts delivery and quality.*

APRIL 2013 - APRIL 2014 - **TUI Nordic**

Testing coach for the web development teams. Working with Kanban.

*Main lesson learned: benefits of pull systems and what a great team can be.*

JANUARY 2013 - MARCH 2013 - **Ongame Network**

Exploratory tester in Poker Client Team using Session Based Test Management. Working with Scrum.

*Main lesson learned: techniques to improve collaboration.*

AUGUST 2011 - JANUARY 2013 - **Assa Abloy**

Exploratory tester using agile methodology and plan driven methods in the Cliq Web Manager Team. Working with Scrum.

*Main lesson learned: techniques to improve collaboration around testing and quality in the team.*

## **Bwin Games, Stockholm — Test Engineer**

JUNE 2010 - AUGUST 2011

Exploratory tester using Session Based Test Management in the Java Poker Client Development Team.

*Main lesson learned: how to combine exploratory testing and agile methods with reporting.*

## **Nobina Europe AB, Stockholm — Master's thesis**

JUNE 2009 - JUNE 2010

A comparison between the effort required for two different methods of raising confidence in a legacy system: adding GUI checks or refactoring and adding unit tests.

*Main lesson learned: that unit and GUI tests have different purposes.*

## **Nobina Europe AB, Stockholm — Test Engineer**

JUNE 2009 - DECEMBER 2009

Automated acceptance checks using C# and FitNesse.

*Main lesson learned: how difficult check automation is when the test data is unstable.*

## **RemoteX Technologies, Stockholm — QA Engineer**

MARCH 2007 - JUNE 2007

Developer of automated acceptance checks using C# and FitNesse.

*Main lesson learned: the benefits of working together with a team as a tester. First contact with Scrum.*

## **EDUCATION**
